

GOVERNMENT OF INDIA
MINISTRY OF ELECTRONICS AND INFORMATION TECHNOLOGY
RAJYA SABHA
UNSTARRED QUESTION NO. 2328
TO BE ANSWERED ON: 04.08.2017

COMMON SERVICE CENTRES IN TELANGANA

2328. SHRI DEVENDER GOUD T.:

Will the Minister of Electronics & Information Technology be pleased to state: -

- (a) whether it is a fact that 9,000 Common Service Centres (CSCs) were aimed to be set up in Gram Panchayats in Telangana under Phase II;
- (b) whether target to set up CSCs in GPs in Phase I has been achieved;
- (c) if not, the details thereof and reasons therefor; and
- (d) the services that are likely to be provided through these CSCs in GPs?

ANSWER

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI P. P. CHAUDHARY)

(a): Government of India has approved CSC 2.0 project under Phase II in August, 2015 with an aim to set up at least one Common Services Centre (CSC) at 2.5 lakhs of Gram Panchayats (GPs) across the country. This includes the 8,787 Gram Panchayats in the State of Telangana. The project is to be completed within 4 years by August, 2019.

As on 30th June, 2017, 3,00,774 Common Services Centres (CSCs) have been registered across the country, out of which, 1,96,922 CSCs are at Gram Panchayat (GP) level covering around 1,66,537 GPs against the target of 2.5 lakhs of GPs. Out of the total registered CSCs, 2,61,071 CSCs are functioning and transacting for delivery of eServices, out of which, 1,63,226 CSCs are functioning at GP level.

As on 30th June, 2017, 5,564 Common Services Centres (CSCs) have been registered across the **State of Telangana**, out of which, **3,180** CSCs are at Gram Panchayat (GP) level covering around 3,180 GPs against the target of 8,787 GPs. Out of the total registered CSCs, 5,043 CSCs are functioning and transacting for delivery of eServices, out of which, 2,855 CSCs are functioning at GP level.

(b): The Phase I of CSC Scheme launched in September 2006, targeted to cover all 6 lakhs census villages by **one lakh CSCs**, as per 1:6 ratio equitably spread across rural India. Accordingly, the total number of CSCs which were made operational across the country in Phase I till November, 2015 (prior to start of implementation of CSC 2.0 Project under Digital India) was **144,875**, out of which 92,106 CSCs were at GP level.

In the State of Telangana, total operational CSCs till November, 2015 were 3,581, against the target of 1,704 CSCs as per 1:6 basis.

(c): Does not arise.

(d): The list of services being provided through CSC- Digital Seva Centres is at **Annexure.**

Annexure
