

GOVERNMENT OF INDIA  
MINISTRY OF ELECTRONICS AND INFORMATION TECHNOLOGY  
**LOK SABHA**  
**UNSTARRED QUESTION NO. 3444**  
TO BE ANSWERED ON 09.08.2023

**BENEFITS TO TRIBALS IN CHHATTISGARH UNDER M-SIPS**

**3444. SHRI MOHAN MANDAVI:**

Will the Minister of Electronics and Information Technology be pleased to state:

- (a) whether the Government provides benefits under the Modified Special Incentive Package Scheme (M-SIPS) to the tribals in the State of Chhattisgarh and if so, the details thereof;
- (b) whether the Government has measured the impact of the incentive and if so, the details thereof;
- (c) whether the Government was able to attract the investment during the last ten years since the launch of the scheme and if so, the details thereof;
- (d) the details of the subsidy provided to the tribals for special economic zones in Chhattisgarh; and
- (e) whether the subsidy has helped boost their lifestyle and if so, the details thereof?

**ANSWER**

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY  
(SHRI RAJEEV CHANDRASEKHAR)

Government of India envisions to position India as a global hub for Electronics System Design and Manufacturing (ESDM) by encouraging and driving capabilities in the country for developing core components, including chipsets, and creating an enabling environment for the industry to compete globally. Government of India's goal is to broaden and deepen the country's electronic manufacturing ecosystem as well as increase India's participation in electronics Global Value Chains (GVCs).

The Modified Special Incentive Package Scheme (M-SIPS) was designed as a scheme to provide financial incentives to help to offset the disability and high upfront cost and thereby attract investments in the electronics manufacturing sector. This scheme was open to receive applications till 31.12.2018 for new projects as well as expansion projects. The scheme provided subsidy for investments in capital expenditure for setting up electronics manufacturing facilities (20% for units set up in SEZs units and 25% for non-SEZ units). The incentives are available for 44 categories / verticals of electronic products and components covering entire electronics manufacturing value chain.

Under the M-SIPS, investment of Rs.38,077 crore has been made by foreign and domestic manufacturers. Direct and indirect employment generated so far is 4.11 lakh. Total sales (domestic and exports) from the units under production is Rs.8,82,304 crore which include export of Rs 1,59,819 crore.

(a) and (b): M-SIPS is a pan India Scheme and it was open to receive applications from any industrial area within the country including state of Chhattisgarh. No proposal has been approved to set up electronics manufacturing unit in the state of Chhattisgarh under the Scheme.

(c) to (e): Does not arise.
