ANSWER

MINISTER FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI RAVI SHANKAR PRASAD)

(a) and (b): Issue of privacy and data protection has been dealt with by MeitY. The IT Act SPDI Rules-2011 has specific provisions on protecting privacy of the individual. The planning commission in 2012 constituted a group of experts on privacy chaired by Justice AP Shah former Chief Justice, High Court of Delhi. Subsequently a case was filed in the Supreme Court on Aadhaar by Justice (Retd.) K.S Puttaswamy. In July 2017 the government constituted a committee of experts to bring out a data protection framework for India that was chaired by Justice (Rtd.) B.N Srikrishna. In August 2017 the nine judge bench of Hon'ble Supreme Court gave its verdict on privacy in the Puttaswamy case laying down that privacy is a fundamental right under article 21 of the constitution. In July 2018 the Justice Srikrishna committee submitted its report along with the draft of the personal data protection bill.

(c): The report of the committee along with the draft of the PDP bill is available at <https://www.meity.gov.in/data-protection-framework>.

(d): During the proceedings in above cited case Hon'ble Court took note of the constitution of the committee of experts to bring out the data protection framework. The committee also studied the observations of the Hon'ble Court in the privacy judgement and ensured that its report is in consonance with the Supreme Court's judgement.
