## **ANSWER**

# MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY (SHRI RAJEEV CHANDRASEKHAR)

(a) to (c). The National Statistical Office (NSO) under the Ministry of Statistics and Programme Implementation conducted a Multiple Indicator Survey in India: Education & ICT Skills as part of the 78<sup>th</sup>round of National Sample Survey (NSS) from 2020–2021(Report published in March, 2023). The extracts of said report with the gender-wise percentage of persons of age 15-24 years and 15-29 years with various ICT Skills (including digital literacy parameters) in rural as well as urban India are given at **Annexure –I**. The state-wise data is given at **Annexure-II**. No specific district-wise data for the State of Jharkhand is mentioned in the said NSSO report.

Further, in order to improve the digital literacy rate especially in rural India, the Government of India has launched a scheme titled "Pradhan Mantri Gramin Digital Saksharta Abhiyan (PMGDISHA)" in 2017 to usher in digital literacy in rural India by covering 6 crore rural households (one person per household). Under this Scheme, as on 2<sup>nd</sup> August 2023, around 7.04 crore candidates have been enrolled and 6.08 crore candidates have been trained, out of which 4.53 crore candidates have been certified. The State/UT-wise status of the scheme is given at **Annexure III**.

In the state of Jharkhand, as against the target of 18.03 Lakh, a total of more than 26.63 Lakh candidates have been enrolled and 22.03 Lakh candidates have been trained, out of which 16.25 Lakh candidates have been duly certified under the PMGDISHA Scheme. Out of the total certification in Jharkhand, approximately 64 percent certified candidates are women and 36 percent candidates are men. The district wise and gender wise status of the State of Jharkhand under the PMGDISHA Scheme are given at **Annexure IV**.
