PEROFRMANCE DASHBOARD OF THE MINISTRY

3438   DR. VINAY P. SAHASRABUDDHE:

Will the Minister of Electronics and Information Technology be pleased to state:

(a)   whether there is any mechanism to monitor the number of users accessing the performance smartboard of the Ministry, available on its official website, if so, the details thereof;

(b)   whether the Ministry has undertaken any public awareness initiatives to promote this performance smartboard, if so, the details thereof; and

(c)   how regularly is this dashboard updated and the authority responsible for it the details thereof?

ANSWER

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI RAJEEV CHANDRASEKHAR)

(a): The Ministry of Electronics & IT has developed an automated Performance Smart board to ensure effective monitoring of the key programmes of the Ministry. Access to Ministry's performance dashboard is available in public domain and open to all. The Smartboard is available at link (https://meity.dashboard.nic.in), and is part of the MeitY portal (www.meity.gov.in) for which the number of hits are monitored.

(b): Ministry has launched the Performance Smartboard on 3rd of October 2019, through a public outreach programme and was also widely publicized in Media including Social Media. The Dashboard is also publicised prominently on the Home Page of MeitY Portal.

(c): The data of twenty-two major schemes/activities are getting updated on monthly, quarterly and yearly basis on the smart board by the concerned programme divisions of the Ministry. For regular updation, the Smartboard has been linked to various Programmes/ schemes web servers to automatically collect data of identified Key Performance Indicators (KPIs) through Application Programming Interfaces (APIs) at predefined frequency.
